About Buenaventura & Our Private Location

Buenaventura is a living dream... And a place to inspire others to follow their dreams!

Buenaventura is a private retreat destination with a River-front Mountain Lodge & Eco-Village, Health & Wellness Rejuvenation Retreat & Learning Center, Eco-Adventure Wilderness Rainforest Park & Camp Grounds & Private Wildlife Reserve located in a serene and hidden private valley within the greater Savegre River Valley of Costa Rica. If Costa Rica has a Pandora, this is where you'll find it! Buenaventura's Old-Growth Tree Forest Park is home to La Ceiba Sagrada, a 600+ year old Sacred Ceiba Tree that greets and grounds our guests into Buenaventura.

Buenaventura welcomes groups, couples, families and individuals seeking a remote, private and isolated destination for eco-adventure activities, rainforest retreats, and to experience Costa Rica's local culture & rural country living.

With almost a mile of riverfront, Buenaventura's 160 acres of mountainous rainforest property are located along the north side of River Division, with 40% of the property within the southern border of the Los Santos Forest Reserve, an area north of Buenaventura with over 150,000 acres of protected primary and secondary Tropical Cloud Forests and Humid Rain Forests and where many endangered animals (like Jaguars, Tapirs, Sloths, etc.) and plant species live on the western valleys and foothills of the Talamanca Corridor.

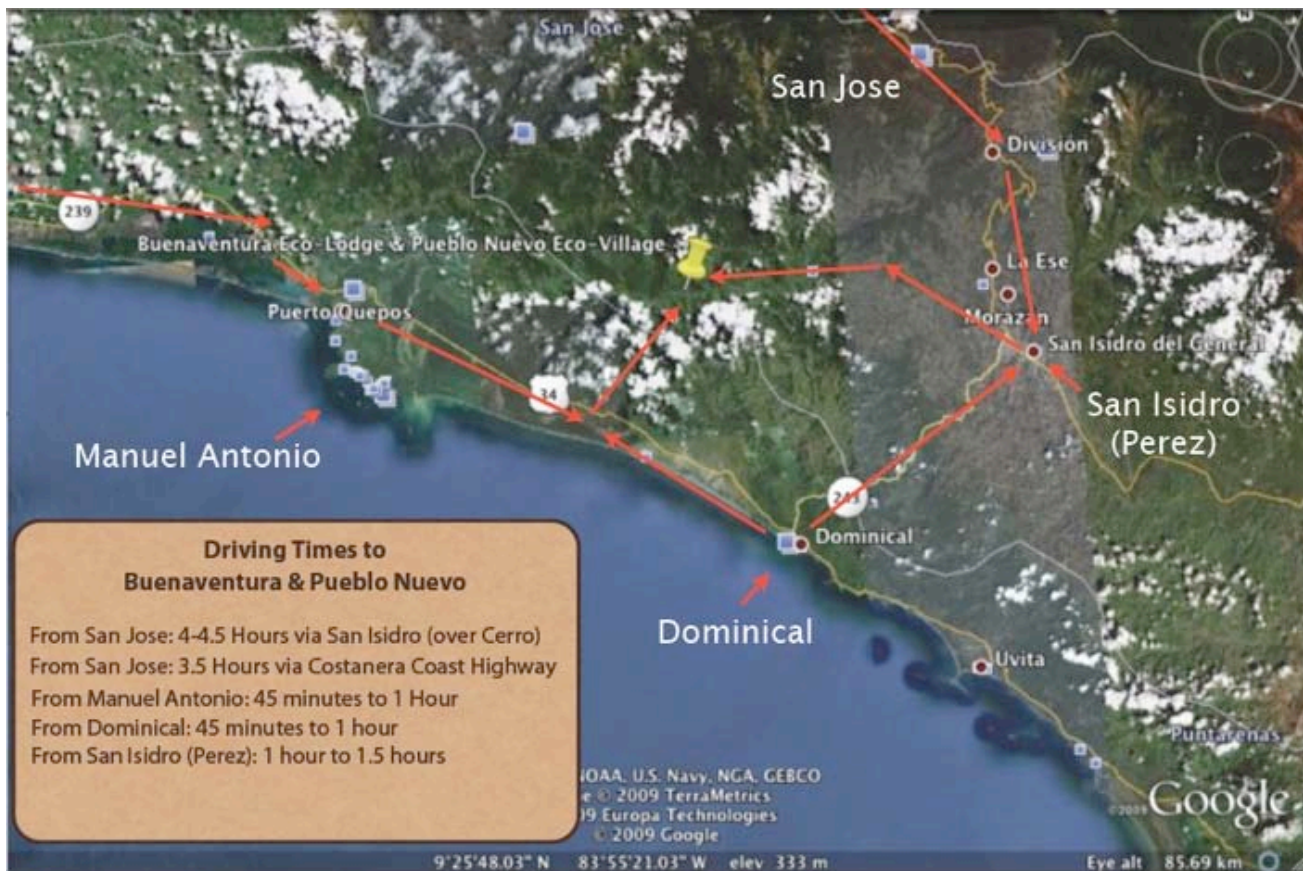

The locals call this place Rio Nuevo (New River), because River Division is considered one of the cleanest rivers in the country, and ranks high globally, along with the Savegre River, which is located a couple miles down river.

Buenaventura is located in between the towns of El Brujo and El Llano, in the district of Perez Zeledon, tucked behind the Central Pacific Coastal mountain range of Costa Rica. It is located 20 miles to the north-west of San Isidro de El General, and 10 miles 'as the bird flies' from the Pacific Ocean, 5 miles up river from Rafiki Safari Lodge, and roughly equal distance apart from the popular tourist coastal towns of Dominical and Quepos/Manuel Antonio.
